NB The Year then ended Lady day 0n March 25th, not on December 31st. This was the practice in England up 25 Mar 1751.1752 was only 282 days long											
The change from the Julian to the Gregorian calendar also resulted in 11 days being stolen - to correct prior leap year anomalies

NB The Year then ended Lady day 0n March 25th, not on December 31st. This was the practise in England up 25 Mar 1751.1752 was only 282 days long											
The change from the Julian to the Gregorian calendar also resulted in 11 days being stolen - to correct prior leap year anomalies
